## **DETAILED ACTION**

1. Amendment filed on 12/06/04 has been received.

### ***Election/Restrictions***

2. Newly submitted claims 15 and 16 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: claims 15 and 16 are directed to a method of climbing a tree which is distinct from the claims directed towards a rope safety brake.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 15 and 16 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

### ***Claim Rejections - 35 USC § 103***

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 7-14 are rejected under 35 U.S.C. 103(a) as being unpatentable over Machal in view of Allen et al (U. S. Patent no. 4,579,196).

Machal discloses : See figures a substantially U-shaped hollow housing body member 10, brake cam apparatus 40 with roughened ends 45, pivot comprising a

removable pin 30. Machal discloses using the device with safety ropes. Machal does not disclose the rope setup. Allen et al teaches a safety harness, a lanyard with connector means to encircle a pole. Such a setup is well known. It would have been obvious to one of ordinary skill in the art at the time the invention was made to use the brake of Machal with the rope setup as taught by Allen et al as such is merely a design choice.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
